Start of Construction

Set up a community trust-fund

2027

## Operation

*After more than 60 years of continued efforts, we managed to secure property rights over our lands.*

*Now, we are advancing an economic project for the benefit of our next generations.*

**Inal-Lonko  
Millaqueo Mapuche  
Community**

***“This project marks a turning point for our community.***

***We started together from scratch and became partners to share decisions, risks, profits and losses.***

***We invite investors, companies and banks to join us in this venture.”***
